

Pupil AUP: Our Computing Expectations in Reception

Our rules help us to keep safe and enjoy using computers.

I can use the Ipad or other technology when the teachers say it is the right time and when I have an adult with me.

I need to do the programs and activities that we have been shown how to use.

I will always be very careful when using any ICT equipment in the classroom or computer suite.

I will make sure that I am always kind to others when using computers or other technology at school or at home.

If I am not careful, I will not be able to use the Ipads when I am choosing where to learn.

I will tell an adult if something comes up on the screen that I do not understand, or that upsets me. Follow these expectations:

(ICT) I - Instantly Close, C - Communicate to an adult, T - Time to move on.

Signed (child): Name:

Classteacher: Date:

Pupil AUP - Our Computing Expectations in Year 1 and Year 2

Our rules help us to keep safe and enjoy using computers.

I can use the computer or Ipad when the teachers say I can, and when I am supervised by a member of staff.

I will only use programs, websites and Apps that the teacher has told me to use.

I will keep my passwords safe and not share them with others, except for my teachers.

I will ask the teacher if I want to do something different on the computer or Ipad.

I will not use any devices to take photos, unless I have been specifically told to do so.

I will ask for help if I think I have done something wrong, or don't know what to do.

I will use all ICT equipment carefully. I understand that if I am not careful, I will not be able to use the equipment.

I will not 'fiddle' with computer leads or headphones.

I will respect others when I am online at home and at school. This means I will be kind and ensure that everything I say is polite. I recognise that adults may need to see the messages I have sent.

If I am attending a live meeting on Zoom/Teams etc, I will remember that all usual school rules still apply. (See Golden Valley's Protocol for Attending Live Meetings for details.)

I will tell a member of staff when at school, or my parent(s) when at home if anything comes up on the screen that I do not understand, or that upsets me. Follow these expectations: (ICT) I - Instantly Close, C - Communicate to an adult, T - Time to move on.

I understand that I am not allowed to wear/bring in a smartwatch to school.

Signed (child): Name:

Class teacher: Date:

Pupil AUP - Our Computing Expectations in KS2

Our rules help us to keep everyone safe

I must ask permission before using computer technology and must only use the programs or Apps that my teacher has allowed.

If I want to search up something on the internet, I must seek permission, and ensure that I am supervised by a member of staff.

I understand that photos of people are only to be taken as part of a school task, and with permission from the teacher and the person in the photo. I must not upload photos onto any social media site.

I will always ask for help if I think I have done something wrong, or don't know what to do.

I will use all ICT equipment carefully and will not do anything that might cause any damage. I understand that if I am not careful, I will not be able to use the equipment.

I will only use my own login and password, and will not share these with anyone other than my teachers. I will also not give out any personal details when using the internet (eg full name, date of birth, address).

I will not change any settings on computers without direct permission.

If I am attending a live meeting, I will remember that all usual school rules still apply. (See Golden Valley's Protocol for Attending Live Meetings for details.)

If I see anything on the internet that is upsetting or inappropriate, I will tell a member of staff straight away. Follow these expectations: (ICT) I – Instantly Close, C – Communicate to an adult, T – Time to move on.

If I become aware of someone else using the computers and IT devices inappropriately, I will inform a member of staff immediately.

I will respect others when I am online at home and at school. I understand that the school takes cyber-bullying very seriously, and will not do anything to harm or upset others. I recognise that adults may need to see the messages I have sent.

I understand that when I am in Years 5 and 6, I will only allowed to bring a mobile phone to school if my parents/carers and I sign and agree to the school's mobile phone agreement. I understand that I am not allowed to wear/bring in a smartwatch to school.

I understand that not respecting the above statements can have serious consequences.
